4. **NIAAA News** – the national workshop will be held in Nashville, December 14-18, 2007. WADA is looking for “new blood” as national delegates to this event. If you are planning to go please consider being a delegate. Delegates will be selected from those attending rather than the whole WADA membership.
5. **WIAA Issues**
 - a. ASEP changes concerning coaches education opportunities. The online course offered by the National Federation of High Schools (NFHS) will meet the WIAA requirement for Coaches not Licensed to Teach (CNLT). It is cheaper and less time consuming than the old ASEP course. Go to www.nfhs.org and check it out.
 - b. A discussion was held about the WIAA transfer rules and the correct interpretation of the new rule for 2007-08 concerning the completion of the 4th semester and when does the 5th semester start? Is it when school is done in June or at the start of the next falls sports season or when school starts in September? Kathy will contact the WIAA and ask that they clarify this at the annual meeting next week.
6. **New Business**
 - a. **New Orleans Uniform Project** – If you have uniforms you no longer need and would like to help out the community of New Orleans with their continued relief/rebuilding efforts contact Kathy Bates for details of how to donate those items to this project.
